Ques 1. With the help of matchsticks make a chart of Roman Numbers up to 20.

Ques 2. Learn the multiplication table up to 20.

Ques 3. Do as directed:

1. Write the place value and face value of the underlined digits in each of the followings

- (a) 30,496      (b) 56,897      (c) 63,892  
(d) 48,965      (e) 36,587

2. Arrange the following in ascending and descending order.

- (a) 20,280 20,820 20,028 20,082  
(b) 89,728 87,128 84,571 89,185  
(c) 3,17,230 4,17,230 5,28,470 4,28,217  
(d) 1,97,630 1,98,715 1,89,215 1,68,568

3. Write the expanded form the following

- (a) 25,308      (b) 75,173      (c) 1,37,478  
(d) 87,925      (e) 90,494      (f) 3,47,785

4. Use the digits to make the greatest and smallest number of 4 and 5 digits numbers.  
You may repeat the digits.

- (a) 3,6,5      (b) 2,0,1,5,6      (c) 8,6,8,7,2  
(d) 4,1,6,3      (e) 6,5,0      (f) 6,8,4,3

(Note: Use maths note book to answer all the questions.)

## ENGLISH

### FUN WITH HOMONYMS

Use the right spelling of “there”, “their”, “they’re” in the passage given:

Once upon a time, their were three little pigs. They're was Curly. He was the oldest. Their was Wurlly. He was the smartest. And then they're was Flo. She was the favorite pig. Their mother loved Flo the best. Curly, Wurlly and Flo lived with their mother in a high-rise apartment building in New York City. There apartment was on the 75th floor. The pigs didn't mind this because they're was an elevator that opened right in front of their apartment door. It was on the days that there elevator wasn't working, that the pigs suffered. There little hoofs would be aching by the time they reached their apartment. There mother would have to have little hoof baths waiting for her three little pigs when they finally reached the top. Of course, Flo always got the warmest hoof bath because she was they're mother's favourite.

One day, Mama Pig sent the three pigs to the store to buy apples for there dinner. She gave them a list of items that she needed. She also gave them they're allowance, and she told them that they could buy there favourite candy which they would eat for they're dessert. The three pigs put on their jackets (it was winter). They put on there gloves and scarves. Next, it was time to put on their boots. Curly slipped on his bright red leather boots over his red and yellow polka dot socks. Wurlly, being the most intelligent, slipped on his waterproof, fully lined boots over his white socks. Curly and Wurlly were ready and waiting for there sister. She could not find her boots.

"Curly and Wurlly," she said, "have you seen my boots?"

Curly and Wurlly looked at each other and then they looked at there sister. "I'll tell you where they are," said Wurlly, "if you'll give us your allowance to hold while you go and get them."

"Okay," agreed Flo as she handed the boys her allowance.

"They're are your boots, over their," said Curly.

"Where?" asked Flo suspiciously.

"Over their!" squealed the boys as they pointed to the window in there living room. "There over they're behind that curtain."

Flo slowly walked toward the window. They boys followed closely behind there sister. Just as she reached the window, Curly opened the window and Wurlly pushed Flo through. Curly and Wurlly squealed with delight as they're sister fell 75 floors. Curly and Wurlly were thrilled that there plan worked. They were rid of Flo and they had her money! Luckily for Flo, she landed on a huge snow pile and was not hurt. Her brothers were not so fortunate.

Mama Pig heard the commotion, ran into the living room and, when she realized what they had done, sent the boys to live with there Uncle Oscar Mayer. Uncle Oscar always knew what to do with bad little pigs. The boys protested. They were just doing Flo a favor by helping her find her boots; it wasn't they're fault that she was clumsy. But Mama would not listen to there excuses and off they went to Uncle Oscar's.

Flo and Mama Pig still live on the 75th floor of the apartment building in New York City, and their very happy their. Now Flo gets her brothers' allowance since there not they're.

**Read the passage and answer the following questions**

The Coconut is the most important nut in the world. Not only is it one of the biggest of all nuts but almost all parts of the tree are useful to man. It is an elegant palm tree growing up to a height of a hundred feet. The flesh of the green coconut is used as a vegetable. The milk inside the young nut is a fresh drink. Rope matting and brooms are made from the outside layer which protects the nuts.

1. What is the height of an average coconut tree?
2. Which part of the coconut is used as a vegetable?
3. What is made from the outside layer of the coconut?
